

Loans Canada Financial Literacy Scholarship

At Loans Canada, we have made it our mission to help Canadian consumers take control of their finances through financial literacy. We operate Canada's only loan comparison platform with the goal of making financing accessible to all Canadians.

This is why we want to encourage and recognize young Canadians who have made their financial health a priority while working hard to achieve their post-secondary education goals. We will be providing one Canadian student with a \$750 scholarship twice a year. To apply, the only thing a student needs to do is tell us their story. These are the two different application windows for students to apply:

Round	Start Date	Deadline	Winner Announced
1	December 1	April 30	May 15
2	August 1	November 30	December 15

This award is available to all Canadian post-secondary students who are under the age of 30.

Program Description:

Getting good grades takes a lot of work. Getting good grades while practicing sound financial habits can be even more challenging. Loans Canada wants to encourage students to start making better financial decisions early in their lives. For this reason, Loans Canada is awarding two \$750 awards each year to students who demonstrate financial literacy and practice constructive money skills, regardless of their grades or GPA. If you are a student working toward their education who can demonstrate exceptional financial management skills, you are encouraged to apply.
